§1 - Introductory Comments: What is a Solar Return?

Introduction

You have certainly heard the expression "Many happy returns!" - a reference to the annual cycle that begins at your date of birth. The astrological Solar Return is a chart cast for the moment when the Sun returns to the exact position it held in your Natal horoscope. Each year the Solar Return marks the start of your personal New Year, and astrologers look to the Solar Return horoscope to see what events and issues await you in the year ahead.

Astrologers have proposed many methods for interpreting the Solar Return chart. This report follows the method of Alexandre Volguine (1903-1976), a French astrologer who, in 1937, first published his 15 years of research on Returns. Until his death in 1976, Volguine continued to update his study of Returns in subsequent editions of his classic text, "LA TECHNIQUE DES REVOLUTIONS SOLAIRES". For those interested in the astrological theory, the method of Volguine is outlined in the appendix to this report.

In accord with Volguine's method, this report is based on a Return chart cast for your location (which may be different from your birth place) when the Sun returns to its position in your Natal chart. Because we insert an extra day into the calendar every four years during the leap year, your Solar Return may occur either on, or a day before or after, your calendar birthday.

If you do not know your exact time of birth, you can still do a general Return chart by using as your presumed "birth time" the exact moment of sunrise on your birth date. The Solar Return chart calculated from a sunrise birth chart provides a generally accurate astrological forecast for the year ahead; but, if possible, use your actual time of birth to get the most accurate forecast.

According to the astrological theory of Solar Returns, the Natal chart represents a basic blueprint of the individual (similar to the DNA within the nucleus of the cell) and the Return chart reveals the annual renewal or reactivation of the Natal chart as measured against both the ongoing movement of the planets and the newly generated set of House cusps at the time the individual's Natal Sun is "reborn" at the annual (SR) birthday. A key feature of Return chart interpretation involves studying the relationship between the annual Return Houses and the birth chart Houses.

Beginning with the next section, this report will review and interpret the major factors identified by Volguine for identifying the themes and events that will dominate your life during the coming year. The current Solar Return chart actually spans a period of about a year and a half because its influence is felt

from three months before the current birthday until three months after next year's birthday. This three-month transitional overlap between subsequent Returns represents the period when the themes of one year gradually give way to those of the next.

A note on stressful aspects:

In some delineations you will read that an adverse event could occur if the planet being discussed forms discordant aspects in the chart. The harsh aspects are the semi-square (45 degrees), the square (90 degrees), the sesqui-square (135 degrees), the inconjunct (150 degrees), and the opposition (180 degrees). In addition, the conjunction (joining together) of certain pairs of planets is intrinsically difficult because of the conflicting nature of the planets involved. To determine whether a stressful aspect is in effect, you may need to refer to the section where the aspects formed by the planet were first discussed in the report.

Into every life a little rain must fall. Do not be alarmed if negative predictions show up in various sections of this report. Stressful events often hover as potentials in the background but never materialize. The repetition of a trend in several parts of the horoscope chart is the key to accurate prediction in astrology. In general, adverse events occur only when many aspects or configurations repeatedly point toward their manifestation. If a stressful event is mentioned but once or twice, it is unlikely to manifest. In any case, forewarned is forearmed.

On Aspect Strengths: Next to the aspects you will often find a listing of the "strength" of the aspect. The number you see is based on how close the aspect is to being exact. The higher the number, the more exact the aspect. The aspects range in strength from a low of about 0 to 1, to a high of about 8. Sometimes the strength goes up to 12, and in these rare cases, the aspect can be considered very strong. Theoretically, the very close aspects are more likely to manifest in your life.

A note on the date of the Solar Return: A solar return chart is a chart erected for the time that the transiting Sun returns to the position of the natal Sun. This happens once a year and occurs sometimes within 2-3 days of your birth date. The time and date of the Solar Return are not expected to be exactly the same as your birthdate.

Astrological Houses in the Return Chart

If you are not familiar with astrology, it will help to know a little about the astrological Houses as you read this report. You probably know that there are 12 signs of the zodiac. In a similar way, astrologers divide the horoscope wheel into 12 "Houses," which look like a pie cut into 12 pieces. Each House represents a particular area of life. The 1st House starts at the Ascendant, which is the point where the zodiac circle in the heavens crosses the horizon in the east. By convention the Ascendant lies at the "9 o'clock" point on the circle. The remaining Houses follow the 1st House in a counterclockwise direction around the wheel so that the 10th House, which symbolizes your career and standing in the world, lies at the very top of the chart. The entry point into each House is called its cusp. Below is a list of the twelve Houses and some of their key meanings for reference as you read this report.

1st House: your body, personality, personal initiatives, life force.

2nd House: money, income, possessions, values.

3rd House: communication, analytical thinking, writing, local travel, siblings, neighbors.

4th House: home, family, parents, past conditioning, final endings.

5th House: fun, romance, recreation, vacations, children, sports, gambling, creative self-expression.

6th House: service, health concerns, daily grind, subordinates, tenants, pets.

7th House: significant others, consultants, partnerships, contracts, lawsuits, open enemies, the public.

8th House: death, sex, taxes, joint finances, surgery, investigation, transformation, occult studies.

9th House: higher education, long-distance travel, religion, philosophy, the law, foreign interests, publishing, broadcasting.

10th House: career, worldly status, honors, public standing, reputation authority, bosses, parental figures.

11th House: friends, hopes & wishes, group involvements.

12th House: solitude, imaginative endeavors, confinement, hospitalization, spiritual pursuits, loss of freedom, secret enemies, self-undoing.

§2.0 - The Solar Return Sun: The Central Focus of the Year

General Significance of the Sun

The Sun, ruler of Leo, is the most important "planet" in the Return. The primal energy of the Sun makes possible our life on earth. The Sun enlivens, asserts, illuminates, vitalizes, promotes, fathers, energizes, individualizes, elevates, and makes conscious. Astrological aspects involving the Sun show how we achieve (or fail to achieve) honor, status, recognition, achievement, and individuation - how we shine, create, and make our mark on the world. People signified by the Sun include fathers, husbands, mature men, bosses, authority figures, and people of influence. In health matters, the Sun symbolizes the heart and the spine.

The Return placement and aspects of the Sun may involve us either personally through health matters and life circumstances governed by the Sun, or indirectly through people symbolized by the Sun. We will next look at the zodiacal sign and House positions of the Sun in the Solar Return chart.

Return Sun in Aries

The Return Sun occupies the exact location in the same sign as the Sun in your birth chart. Having the Sun in Aries generally makes you quick, direct, self-interested, pioneering, adventurous, decisive, enterprising, assertive, and courageous. Your faults may include rushing headlong into situations, being insensitive to others' feelings, and selfishly putting your own interests ahead of others.

Having considered the sign containing the Sun, we now turn to the Sun's Return House position, which highlights the central themes of the year ahead.

§2.1 - The House Occupied by the Sun: Major Issues of the Year

Return Sun in the Return 3rd House

The Sun in your Return 3rd House emphasizes intellectual interests, studies, correspondence, communications, the exchange of ideas; and your dealings with siblings, neighbors, and kin. Your mind is full of creative thoughts pushing for expression. The Sun here enlivens and quickens any plans you have regarding selling, publicizing, or marketing your ideas. You are likely to be on the go, attending meetings, making visits, taking classes, using your computer, adding to your knowledge, and being actively involved in your community. You might travel extensively or purchase a new vehicle. If your work involves public speaking or writing, you can be extremely productive. Communicating with others now takes center stage.

§2.2 - The Sun's Aspects in the Solar Return Chart

Return Sun square Return Pluto (Strength: 1.61)

The Sun stressfully aspecting Pluto, the god of the underworld, makes this a fateful year when you may be called upon to deal with forces beyond your control. This aspect sometimes indicates a crisis that can produce a radical transformation in your personality, sense of identity, and outlook on life. However, much of the time it's not about an outer crisis but rather about an inner transformation. Sun/Pluto events have a far-reaching impact, and serve as milestones that divide your life into before and after. Issues related to power, control, biological urges, childbirth, and sexual passion may come to the fore. You grow personally and view life quite differently as a result of your encounter with the heart of darkness, or with your inner demons.

You could develop an interest in Pluto-ruled matters such as research, healing, sex, elimination, rebirth, psychic phenomena, near-death experiences, or the afterlife. Concerns about the welfare of a parent or authority figure may occupy your attention. You may at times find yourself at the mercy of someone who holds a position of power and influence. Stressful Pluto aspects can sometimes point to health problems, or they can stimulate interest in healing methods and healing arts. Pluto is a very slow-moving planet and this influence may be felt for several years. It's a time for discovering who you are, and meeting with some of the more unflattering or hidden elements of your personality in the process. Self-acceptance will be the key now, after which you are bound to grow and move forward with improved focus and confidence.

§3.0 - The Solar Return Ascendant: Personal Themes for the Year

The Ascendant-Descendant or East-West Axis in the SR chart

The East-West Axis of the astrological map represents the Celestial Horizon. The Ascendant (in the East) signifies the filter through which you view the world and the manner in which you project your personality toward others. It also reflects your physical body and your personal initiatives. The Descendant (in the West) symbolizes your partnerships, close relationships, and the way you get along with other people.

Planets that form close aspects with the East-West Axis of the Return chart will color your personality style, personal initiatives, and manner of relating. The degree of the zodiac rising in the East (the Ascendant) varies with your location on earth at the time of your Solar Return. If the Return Ascendant receives particularly stressful aspects, some astrologers advise their clients to travel to a location that will minimize or negate those aspects on the day of their Solar Return. In the following section we consider the influence of the horizon (Ascendant-Descendant) axis in the year ahead.

Return Ascendant in Aquarius

Marching to the beat of your own drum

Aquarius rising in your Return chart heralds a year when you are able to be original and inventive. You may be called upon to use your ability to think abstractly and impartially. Expect to spend lots of time with friends and with groups to which you belong. Uranus, the modern ruler of Aquarius, often brings surprises, disruptions, and sudden events into the life. Some people develop a serious interest in computers, technology, astrology, or New Age topics under an Aquarius Ascendant.

Because the Ascendant signifies your body, check to see whether the Ascendant itself or the Ascendant's rulers Saturn and Uranus form stressful aspects. If so,

you could experience health problems, nervous conditions, or accidents during the year. Be especially careful while driving or operating dangerous machinery. If health difficulties occur, you may become interested in modern advances in medical technology and alternative methods of healing.

The Houses of your Natal chart with Aquarius on the cusp as well as the Houses of your Return chart that contain Saturn and Uranus, the co-rulers of Capricorn, indicate areas of your life that will be in high focus during the year. Planets that form close aspects to Saturn or Uranus in the Return chart indicate the types of people and events involved.

Uranus and Saturn are respectively the modern and traditional planetary rulers of the sign Aquarius, Thus, Uranus and Saturn are the rulers of the Ascendant in this year's Return chart.

§3.1 - The SR House Containing the Planet Ruling the SR Ascendant

Return Uranus in the Return 4th House

Domestic life is enlivened.

Uranus in the Return 4th House suggests changes to the status quo with regard to home, family, real estate, parental issues, domestic concerns, and your base of operations. Conditions could become unsettled in the domestic environment, or changes are necessary. A separation from home or family may leave you feeling uprooted, like "a stranger in a strange land." You may have an unusual opportunity to buy land or property. Real estate matters could come to an abrupt conclusion. Young adults may leave home in search of independence and strike out on their own, free of family ties and obligations. There could be unexpected changes in the family structure or constellation. For most, this is a period of time when they make changes to their living arrangements or domestic routines.

§3.2 - The Natal House Highlighted by the Solar Return Ascendant

Return Ascendant in the Natal 8th House

The Natal House placement of the Return Ascendant shows where you are most likely to take personal action during the year. Your dominant interests and activities will center on 8th House issues such as shared resources, taxes, loans, investment income, and joint finances. In addition, you will find yourself occupied with matters related to sexuality, mortality, spirituality, the afterlife,

crises, intensive therapy, surgery, personal transformation, and occult interests. You seek to understand what is going on beneath the surface. On occasion this can signify the need to deal with wills, legacies, the goods of the dead, or possibly the serious illness or passing of someone in your family or circle of acquaintances. You could also spend considerable time on issues related to health, the need for healing, and the inevitability of your own mortality.

The Return Ascendant-Descendant axis also highlights 2nd House matters such as income, finances, money, resources, belongings, and personal values. This is a year to get your financial house in order. Review your budget, plan your savings, make a will, and do what you must to provide for yourself and your loved ones. You may have the opportunity to improve your economic outlook, perhaps by seeking a raise, settling old debts, or pursuing new sources of income.

§3.3 - Aspects involving the Ascendant in the Solar Return Chart

Return Ascendant conjunct Return Pluto (Strength: 8.22)

With Pluto conjunct the Return Ascendant, you may undergo radical changes in your appearance and more importantly in your core sense of personal identity. Such changes may follow upon peak experiences or encounters with powerful forces beyond human control. Situation you encounter may cause you to reflect on your own mortality as you try to sort out who you truly are. This aspect calls to mind the parable of the grain of wheat that must fall into the ground and die if it wishes to grow.

During this Return year, events that seem fated to happen serve to eliminate the dross from your life and bring about personal transformation. You may be suddenly thrust into the limelight. Others are impressed by your charisma, animal magnetism, and passionate nature. Your sexual desires become intense, but at the same time you feel a greater need for privacy and seclusion. On occasion Pluto conjunct an angle may indicate a need for surgery or other powerful healing methods. In rare cases Pluto in this position may signal a brush with death or at least concerns about your own mortality.

Because the Return Ascendant shows where you take personal action during the year, the House(s) of the Return and Natal charts with Scorpio on the cusp will be especially significant during this Return year.

Return Ascendant semi-square Return Mars (Strength: 0.95)

Return Mars square the Ascendant highlights your assertiveness, exuberance, and pioneering spirit. You have tremendous energy available to pursue your

ambitions. Because this is a stressful aspect, you could become involved, as either perpetrator or recipient, in overly aggressive or potentially violent behavior.

§3.4 - Planets Rising in the First House of the Solar Return Chart

Solar Return Planets occupying the Solar Return First House

The Return 1st House reveals your yearly personal or psychological activity. Any planets that occupy the Return 1st House show the nature of your activity and your psychological reactions during the coming year. If a planet lies close to the Return Ascendant (within 5 degrees), you will have a fair amount of personal control over the action. Planets in the 1st House that lie further away from the Return Ascendant (more than 5 degrees) indicate that you will have less control and be more at the mercy of the forces symbolized by those planets.

The Return planets that occupy your Return 1st House are listed below. If this section is blank, there are no 1st House planets in your Return chart.

§4.0 - The Solar Return Midheaven: Worldly Status, Career, and Public Activity

The North-South or Meridian Axis of the Solar Return Chart

The North-South or Meridian Axis of the astrological map represents your vocation, public image, parents, and family matters. The Midheaven at the top of the chart (due south in those charts of the northern hemisphere) symbolizes your career, worldly status, and public activities. The Imum Coeli (I.C.) at the bottom of the chart signifies your home, your domestic life, and the final conclusion of pending affairs.

Planets that form close aspects with the North-South Axis of the Return chart will color vocational and family matters during the year. The degree of the zodiac on your Return Midheaven depends on your location on earth at the time of your Solar Return. If the Return Midheaven receives particularly stressful aspects, some astrologers advise their clients to travel to a location that will minimize or negate those aspects on the day of their Solar Return. In the following section we consider the influence of the meridian axis in your Return chart.

Return Midheaven in Scorpio

The Midheaven in Scorpio suggests that your career, status, and public activities will involve your capacity for investigation and in-depth study of a subject. You are able to penetrate beneath the surface to ferret out secrets that others might overlook. A certain amount of emotional intensity this year is likely to involve the career arena. Your capacity for determined effort and intense concentration are definite assets in furthering your ambitions.

The House position of the Return Midheaven's planetary ruler gives further information about your social reputation and vocation in the year ahead. The planet ruling the Return Midheaven is discussed below.

Pluto and Mars are respectively the modern and traditional planetary rulers of the sign Scorpio. Thus, Pluto and Mars are the rulers of the Midheaven in this year's Return chart.

§4.1 - The SR House Containing the Planet Ruling the SR Midheaven

Return Pluto in the Return 12th House

Pluto, the planet of radical change and transformation, occupies your Return 12th House of spirituality, artistic expression, hospitalization, confinement, sleep, escapism, and self-undoing. Work related to hospitals, asylums, prisons, museums, ashrams, or similar large institutions can have a powerful personal impact. This is a year to look within and resolve deep-seated psychological hang-ups that now come to light. As you confront the "Shadow" aspects of your personality, you may undergo intense experiences that bring about profound spiritual transformation.

The 12th is the House of "secret enemies," and someone you have alienated may oppose your interests. You are likely to reorganize your priorities and reflect on the meaning of life. In-depth research and study are favored. If other factors in the chart indicate health difficulties, there could be problems caused by alcohol or drugs, violent encounters, or a need for surgery or hospitalization.

§4.2 - The Natal House Highlighted by the Solar Return Midheaven

Return Midheaven in the Natal 5th House

The Return Midheaven at the top of the Return chart reveals which actions and circumstances of your life will be most visible to others in the coming year. When the Return Midheaven lies in your Natal 5th House, it focuses attention on how you have fun as well as how you express yourself in an artistic or creative manner. The areas of romance, love affairs, speculative endeavors, sporting activities, and your dealings with children may come under public scrutiny. A gamble you took could pay off. You are also likely to become more aware of the effect you have on others. Under this influence students often achieve academic honors. An engagement to marry may occur in such a year.

§4.3 - Aspects involving the Midheaven in the Solar Return Chart

Return Midheaven trine Return Saturn (Strength: 6.85)

Saturn in harmonious aspect with the Midheaven enables you to be serious and responsible about matters of career, reputation, ambition, public standing, and your role in society. This can be a time of long hours and hard work, but you will also learn a great deal. You could assume a position of authority. People of power and influence are likely to support your efforts. If you put in the necessary work and honest effort, this can be a year of great accomplishment.

Return Midheaven trine Return Mars (Strength: 2.90)

With Return Mars favorably aspecting the Return Midheaven, you are able to channel a great deal of energy into career matters. This year you can be decisive, assertive, resolute, dynamic, pioneering, and independent in pursuing your goals. Events may conspire to energize, boost, or change your career. You may take on new responsibilities or assume a position of leadership, influence, or authority. You can be victorious in challenging traditional rules and limits imposed by society.

§4.4 - Planets in the Tenth House of the Solar Return Chart

SR Planets in the Solar Return Tenth House

The Return 10th House relates to career, family, worldly status, and any public

actions you take during the year. The Return planets that occupy the Return 10th House reveal the nature of such public activity and how it may affect your vocational and family life.

The Return planets that occupy your Return 10th House are listed below. If this section is blank, there are no 10th House planets in your Return chart.

§5.0 - The Solar Return Moon: Your Emotional Life

General Significance of the Moon

The Moon, ruler of Cancer, receives and reflects the light of the Sun. As such, the Moon symbolizes the inner, reflective, receptive, emotional, and subconscious aspects of human life. The Moon represents our feeling states, heredity, instincts, habit patterns, our early experiences with mothering, and our domestic life. Astrological aspects involving the Moon reveal how we react emotionally, and how we give or receive nurturing and comfort. People signified by the Moon include mothers, females in general, and the significant women in our lives. In health matters, the Moon symbolizes cyclic changes, nutrition, and female issues; also, the breasts, the stomach, and the brain matter.

The Return placement and aspects of the Moon may involve us either personally through health matters and life circumstances governed by the Moon, or indirectly through people symbolized by the Moon. Lunar aspects that are said to perfect on a certain date have an orb of a month or longer. We will next consider the Return zodiacal sign and House placements of the Moon.

Return Moon in Leo

The Moon in Leo often signifies a desire for recognition and admiration. You tend to be spontaneous, ardent, outgoing, fun loving, and romantic. The world becomes your stage, and you enjoy putting on a good show. Your relationships with children, or the desire to have children, can become a focus of attention. If the Moon forms stressful aspects, you must guard against behaving toward

others in a demanding, childish, entitled, or flamboyant manner.

Return Moon in the Return 7th House

The Moon, which reflects your feelings and mood states, occupies the Return 7th House of marriage, partnerships, open adversaries, and contractual agreements. Your partners and close associates are likely to be especially nurturing and emotionally supportive, or they may turn to you for support. You are especially attuned to the emotional needs of others. Intimate supportive and nurturing relationships become a priority. Your emotional life comes into high focus, and fluctuations in your mood may play a prominent role in your life. Activities that involve dealings with the public are likely. Lawsuits undergo many fluctuations. Your relationships with women, including your mother, may require attention. If the Moon forms positive aspects, you could enter into marriage or a favorable business partnership.

§5.1 - Aspects involving the Moon in the Solar Return Chart

Return Moon oppose Return Pluto (Strength: 1.53)

Profound changes are likely in your personality and emotional life. You could experience great depth of feeling about matters dear to your heart. You may come to understand, on a gut level, the meaning of human mortality. Issues of power, control, and exploitation could arise in close relationships. A significant woman or an emotionally important relationship may pass from your life. Personal transformation may be brought about through your relationships with women or sexual partners. On occasion this aspect indicates emotional upheaval, sleepless nights, or mourning over the loss of someone or something you care about. Psychological insights and psychic experiences commonly accompany this aspect.

Return Moon trine Return Venus (Strength: 0.80) - Aspect perfects on 11/16/2024.

Pleasant Moon/Venus contacts bring love, tenderness, affection, fun, and companionship into your life. Love affairs, romance, popularity, social invitations, travel, marriage, pregnancy, and childbirth are common during such a Return year. This is a good time to spruce up your appearance and indulge yourself a bit. Creative, musical, or artistic projects go well. Opportunities for increased income are likely to arise. You are able to deal more calmly with stressful events that arise during the year.

Return Moon conjunct Natal Pluto (Strength: 1.83) - Aspect perfects on 10/20/2024.

Return Moon conjunct Natal Pluto stirs up intense feelings and may bring about profound transformation in your emotional life. This year you are able to pursue your objectives with resolute determination. You must, however, guard against acting with a zealous enthusiasm that disregards the needs and feelings of others. Such unilateral behavior can only upset the apple cart.

Return Moon square Natal Mercury (Strength: 0.08)

The Return Moon stressfully aspecting natal Mercury pits your emotional reactions against your rational thought processes. Your ability to think clearly may be compromised by strong emotions. You tend to change your views depending on the prevailing sentiment. Difficulties could arise in your attempts to have cool, calm, and collected discussions with others. You could suffer criticism or gossip. There could be problems with travel. This is a good time to go within and clarify how you feel about important matters.

§6.0 - Mercury: Communication, Writing, Learning, Selling, Short Trips

General Significance of Mercury

Mercury, ruler of Gemini and Virgo, was the messenger of the gods. Mercury symbolizes language, communication, the thinking process, the intellect, writing, correspondence, education, commerce, transit, movement, and all means of transport. Astrological aspects involving Mercury show how we think and communicate our ideas to others; also, how we move about in our community. People signified by Mercury include writers, communicators, salespersons, students, the young people in our lives, messengers, drivers, neighbors, siblings, and other kin. In health matters, Mercury symbolizes the tongue, upper extremities, lungs, respiratory system, nervous system, thyroid, and the sense of sight.

The Return placement and aspects of Mercury may involve us either personally through health matters and life circumstances governed by Mercury, or indirectly through people symbolized by Mercury. Travel accidents are often shown by afflictions to Mercury, especially hard aspects involving Mars or Uranus. We will next consider the Return House placement of Mercury.

Return Mercury in the Return 3rd House

With Mercury in the Return 3rd House, you tend to be restless and mentally active. Communications, writing, learning, education, gathering data, teaching, travel, and transit are all highlighted. If you are an author, you can successfully prepare and submit manuscripts for publication. There will probably be many visits, short trips, comings and goings. You could find yourself featured in the news or involved with the media. Contacts with siblings and neighbors will be frequent.

Check to see whether Mercury forms stressful aspects. If so, difficulties may arise because of what you write or say. A sibling could become a source of concern. Problems may occur while traveling. Stressful aspects between Mercury and either Saturn or Uranus commonly indicate travel accidents.

§6.1 - Aspects of Mercury in the Solar Return Chart

Return Mercury conjunct Return Moon's North Node (Strength: 3.52)

Return Mercury on the Return Moon's North Node brings you into contact with other people through your mental, verbal, and communication skills. This will be an intellectually stimulating year in which you can exchange ideas with many others.

Return Mercury conjunct Return Venus (Strength: 2.27)

When Mercury is joined to Venus, your thoughts turn to love, marriage, friendship, art, music, and the finer things in life. Your charming manner of speech and self-expression goes a long way to smooth the rough edges in close relationships. If you have a message to convey to others, your ideas will be well received. You are passing through a period of pleasant or loving communications. This is a good time to take a trip for pleasure, attend a concert, or express yourself creatively in poetry or song.

Return Mercury conjunct Natal Mars (Strength: 5.50)

Return Mercury conjunct Natal Mars suggests the receipt of contentious or upsetting news. Watch your temper and be especially careful to think before you speak. If there are indications of health difficulties in the chart, this aspect could indicate problems with the lungs, upper extremities, or the gastrointestinal tract. Also, be careful while driving or operating mechanical equipment as this is an accident prone aspect.

Return Mercury trine Natal Pluto (Strength: 2.12)

Your thinking turns to your inner life and to matters that are occult or hidden beneath the surface. Spiritual progress is possible at this time. Contemplation of human mortality can deepen your understanding of what makes you tick. Psychological exploration is favored.

Return Mercury conjunct Natal Moon's North Node (Strength: 0.40)

§16 - Transiting Sun Aspects to the Solar Return

Sun Transits as Timing Devices

Because the sun is the most significant "planet" in a Solar Return, the transits of the sun to the Return chart are important timing devices for specific events in the year ahead. The sun takes a year to make a full transit around the Solar Return chart. In doing so, the sun acts like the hand of a clock, ticking off each degree of the circle during its yearly cycle, and triggering planetary influences along the way.

The conjunctions of the transiting sun to the planets and points in the Solar Return chart are the most important. Other major aspects formed by the transiting sun to the Solar Return chart are also noteworthy. For example, Volguine noted that Robespierre was executed on a day when transiting sun squared his Solar Return Ascendant. Volguine also discovered that the transiting sun's opposition to the Solar Return Ascendant almost always indicated a bout of illness for his clients. In Volguine's research, such an illness was most serious when the Solar Return sun occupied the 6th or 12th houses of the Return chart.

As the transiting sun aspects the various planets and points in the Solar Return chart, it acts as a symbolic trigger, allowing the manifestation of whatever is promised by the natal and/or Solar Return conditioning of the planet or point that it contacts. The orb of influence of the transiting sun's aspects is about three days before and after the aspect becomes exact, as indicated by the date in the list below. Look to the dates of the transiting sun's aspects to the Solar Return chart to pinpoint important events in the year ahead.

In using the list of dates that follows, it will be helpful to refer back to the section about the planet being aspected by the transiting sun. For example, if the transiting sun were to aspect Return Saturn, you would read over section §10 - Saturn, which delineates the role of Saturn in the current Solar Return year. These Saturnian influences will be triggered whenever the transiting sun aspects Return Saturn in the year ahead. Ideally you would also consult with a professional astrologer to understand more fully the influences of Saturn as determined by your natal and Return charts.

In addition, you will find a general description of common manifestations of each aspect, based on the universal nature of the planet being triggered and the types of influences it commonly signifies.
